THIS IS TO CERTIFY THAT

Yana Korotkov

has successfully completed the

AI4good International Program

Our 2025 AI4Good International Program brought together teen girls and female role models in nine countries for an eight-week online initiative empowering aspiring female leaders to use AI for positive community impact. Through learning from leaders in tech and AI, participants explored how to define challenges related to SDG Goals, identify innovative solutions, develop project plans, and deliver impactful pitch presentations.
